So these funds will mostly likely be subject to the TAP. Just so we are on the same page.

Jeff –Could you work with Melissa and determine if these funds (Cargill) can be transferred back to HQs, since the contract is being processed in HQs.

Thx,
KG

Appreciate the update, Jeff Losel should know how to ensure funds are transferred to Hq as long as he has correct account #s. You can check in with him.

Thanks,
nw

Subject: Special Case contracting update

Hi Everyone,

Here is an update on the contracting schedule based on my discussion with OECA this morning.

- Once we (R9) get the PR to OECA it will take them 1-3 weeks to get the PR finalized and funded. They fund the PRs in batches every few weeks, so it depends on if they just completed a batch or not when they get ours. If we need it faster we can ask them not to wait.

I've attached a draft schedule that goes up through OECA funding the PR. The timeline after that seems too variable to make a reasonable estimate right now. Please let me know if anyone has questions or edits to the schedule. Once you all are satisfied, I'll send the schedule to Jessica.

Thanks,
Melissa
